

 **MARITIME**
2025

WE ARE SPECIALIZED IN;

DREDGING

PILE DRIVING

COFFERDAM

ABOVE and UNDER WATER STRUCTURES

BREAKWATER

MARINE SURVEY and EXPLORATION

OFFSHORE MARINE WORKS

BEACH NOURISHMENT

DESALINATION

BRIDGES

FSRU PORTS

QUAY WALLS

COMBI-WALLS

JETTIES AND DOLPHINS

Project Name: EPIC of Desalination Plant and Associated Facilities
Client: Nur Mimar ES
Scope: Dredging
Installation of bedding material
Sinking and installation of PE pipes
Construction of seawater intake structure
Location: Hazar, Turkmenistan
Commencement: May, 2025

Project Name: Dredging of Hatsan Shipyard
Client: Hatsan Shipyard
Scope: Dredging
Location: Yalova / Turkey
Commencement: May, 2025

Project Name:

Aqaba LNG Development Project

Client:

GAS Entec Co. and IHPCO

Scope:

Extension of Existing Platforms

Driving of steel tubular piles

Construction of unloading platform

Construction of mooring dolphin and seawater intake platform

Location:

Aqaba / Jordan

Commencement:

April, 2025

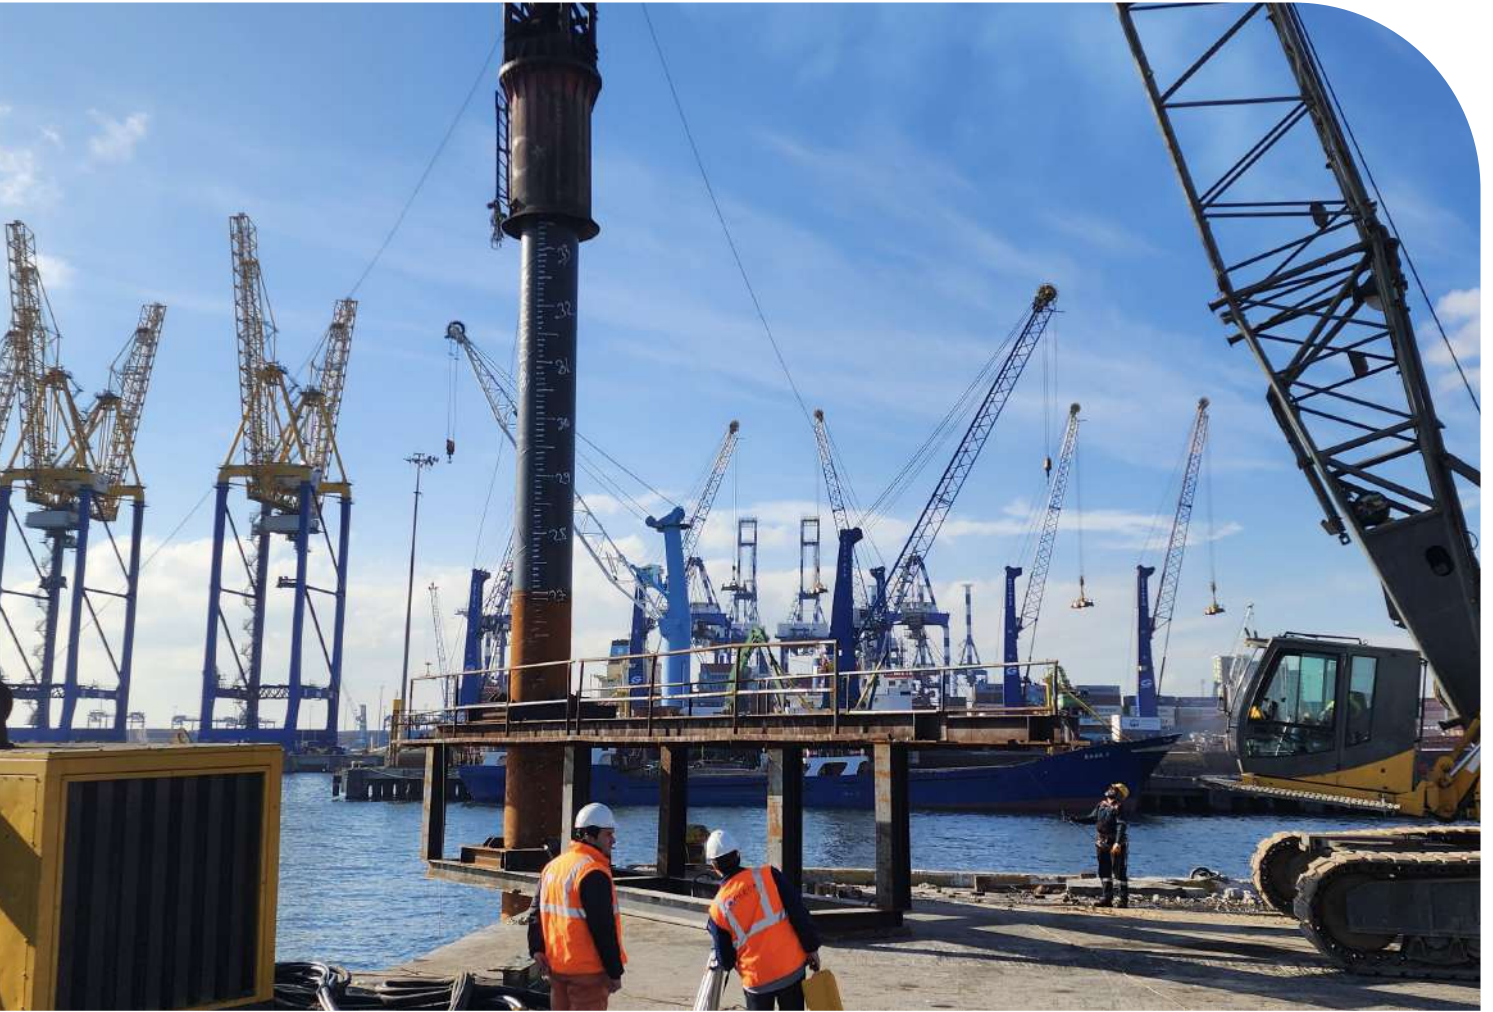

Project Name:	Kumport Existing Pier-3 Repair and Strengthening Works
Client:	DPC Marine
Scope:	Strengthening of existing reinforced concrete cope beam Strengthening of reinforced concrete upper deck structure
Location:	Istanbul / Turkey
Commencement:	March, 2025

Project Name:	Survival Training Center Modernization
Client:	Yuksel Saudi
Scope:	Demolition of the existing marine structures Driving of steel tubular piles Construction of jetties, dolphins, boat ramp Construction of L-wall Revetment works Supply of survey equipment Installation of marine furniture
Location:	Dammam / KSA
Commencement:	February, 2025

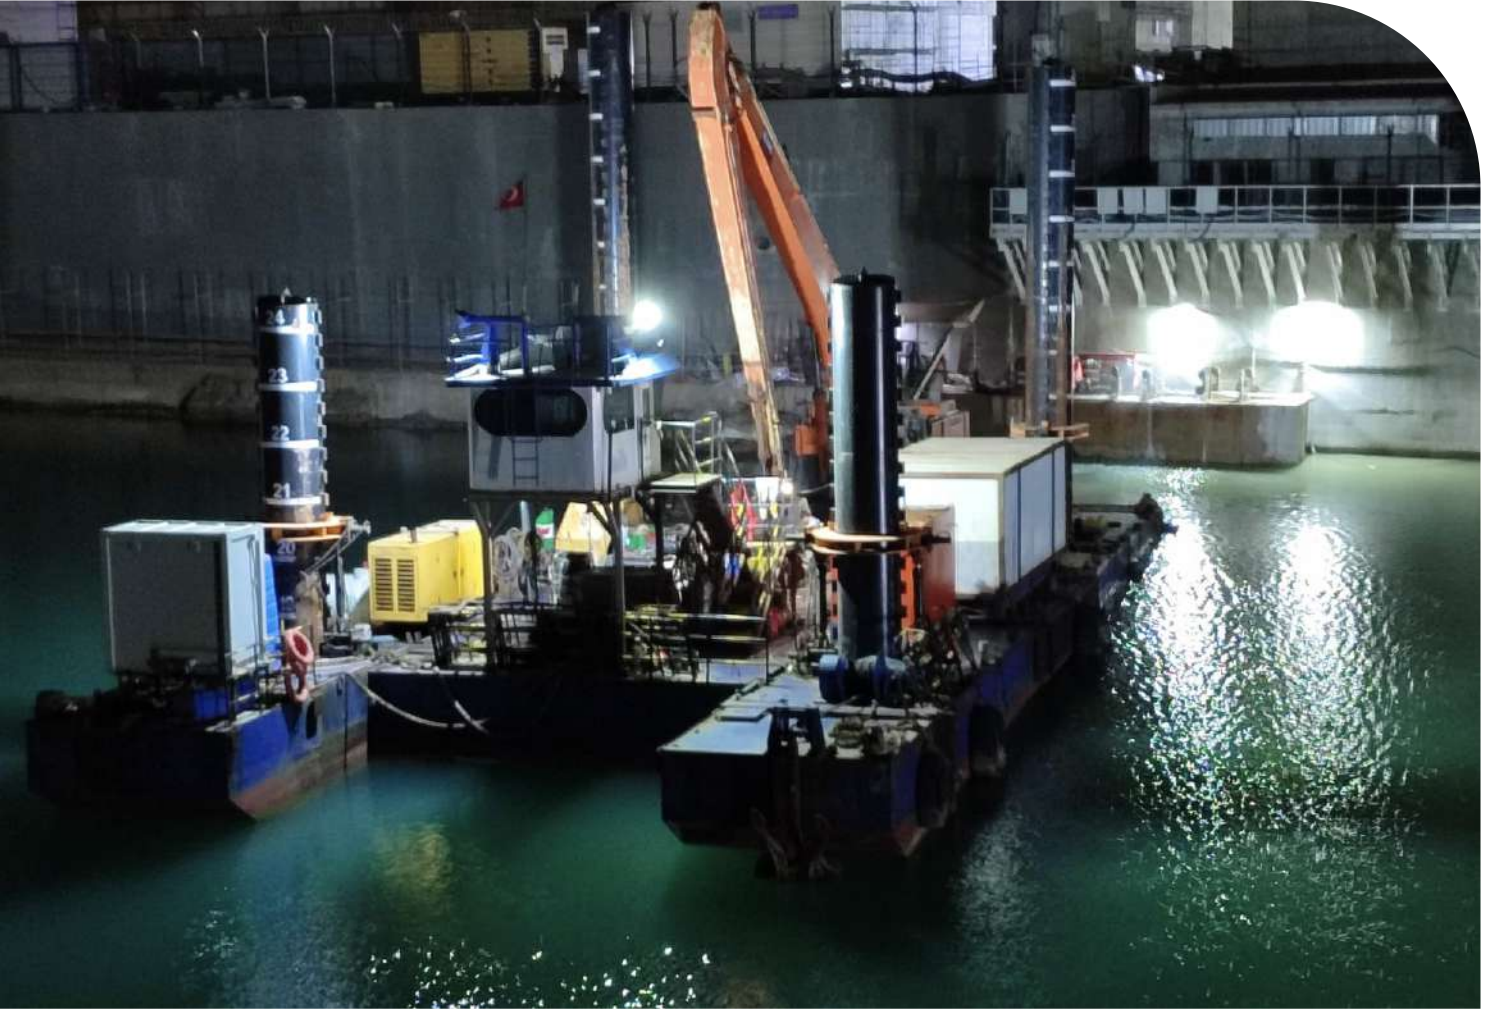

Project Name: Rehabilitation of Florya Atatürk Marine Mansion
Client: Vardakosta
Scope: Driving of steel tubular piles
Location: Istanbul / Turkey
Commencement: January, 2025
Completion: March, 2025

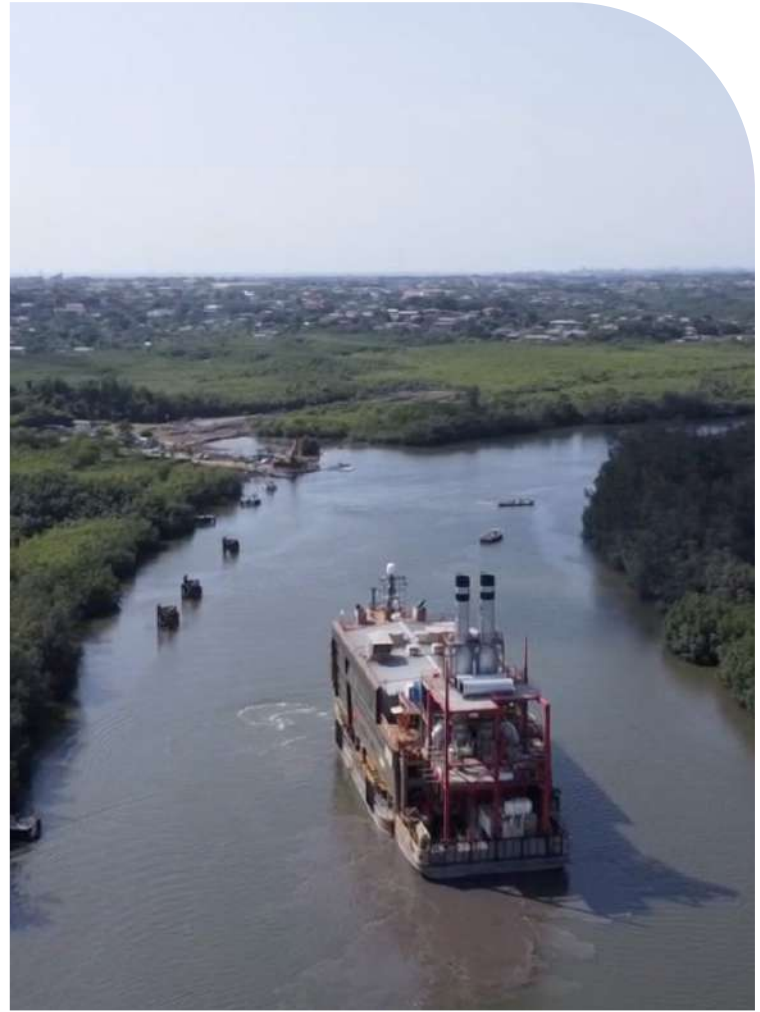

Project Name:	Kumport Current Pier-3 Repair and Strengthening Work
Client:	Kumport
Contractor:	China Overseas Engineering Group Co. (COVEC)
Scope:	Removal of existing structure Supply of steel tubular piles Driving new steel tubular piles
Location:	Ambarlı Port, Istanbul / Turkey
Commencement:	September, 2024
Completion:	November, 2024

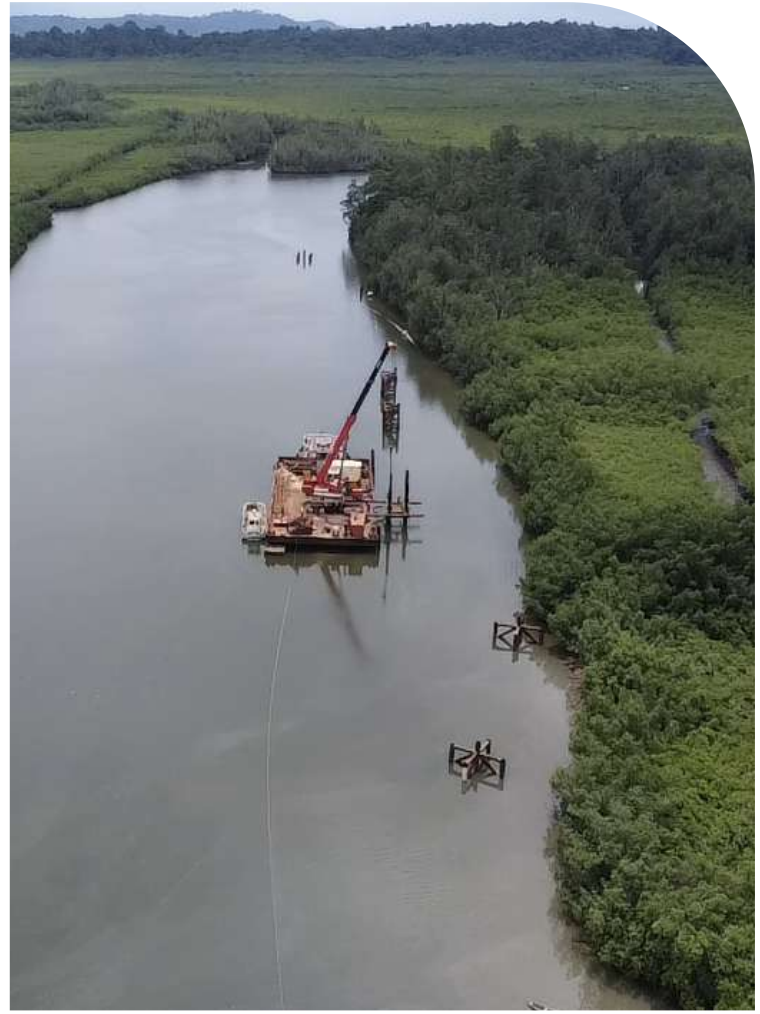

Project Name:
Kumport Current Pier-3 Repair and
Strengthening Work

Project Name: Mersin Nuclear Power Plant
Client: DGN Marine
Scope: Dredging
Demolition of existing quay wall
Location: Mersin / Turkey
Commencement: August, 2024
Completion: December, 2024

Project Name: Dredging Work for Powerships
Client: KARPOWER
Scope: 250.000 m³ Dredging
Survey Management
Supply of survey system for Cutter Suction Dredger
Bathymetry
Location: Owendo / Gabon
Commencement: June, 2024
Completion: November, 2024

Project Name: Construction of Mooring Dolphins and Breasting Dolphins for Powerships

Client: KARPOWER

Scope: Design and construction of dolphins

Location: Owendo / Gabon

Commencement: June, 2024

Completion: November, 2024

Project Name:	Sakarya Gas Field Development- 2nd Phase
Client:	Aras Marine Construction
Location:	Zonguldak / TURKEY
Scope:	Construction and dismantling of cofferdam consisting 560 no's sheet piles 401 no's tubular piles
Commencement:	March, 2024
Completion:	September, 2024

Project Name:	Dredging of jetties
Client:	Akre Marine
Location:	Tekirdağ / TURKEY
Scope:	150.000 m ³ dredging Target depth: -16,00m
Commencement:	August, 2023
Completion:	June, 2024

Project Name:	Sfax Desalination Plant
Client:	Aras Marine Construction
Location:	Sfax / TUNUSIA
Scope:	Construction of cofferdam consisting 1.696 no's AZ double sheetpiles
Commencement:	March, 2023
Completion:	September, 2023

COMPLETED PROJECTS

Project Name:
Sfax Desalination Plant

Project Name:	1915 Çanakkale Bridge
Client:	Kurt Construction
Location:	Çanakkale / TURKEY
Scope:	Breakwater construction
Commencement:	February, 2023
Completion:	June, 2023

COMPLETED PROJECTS

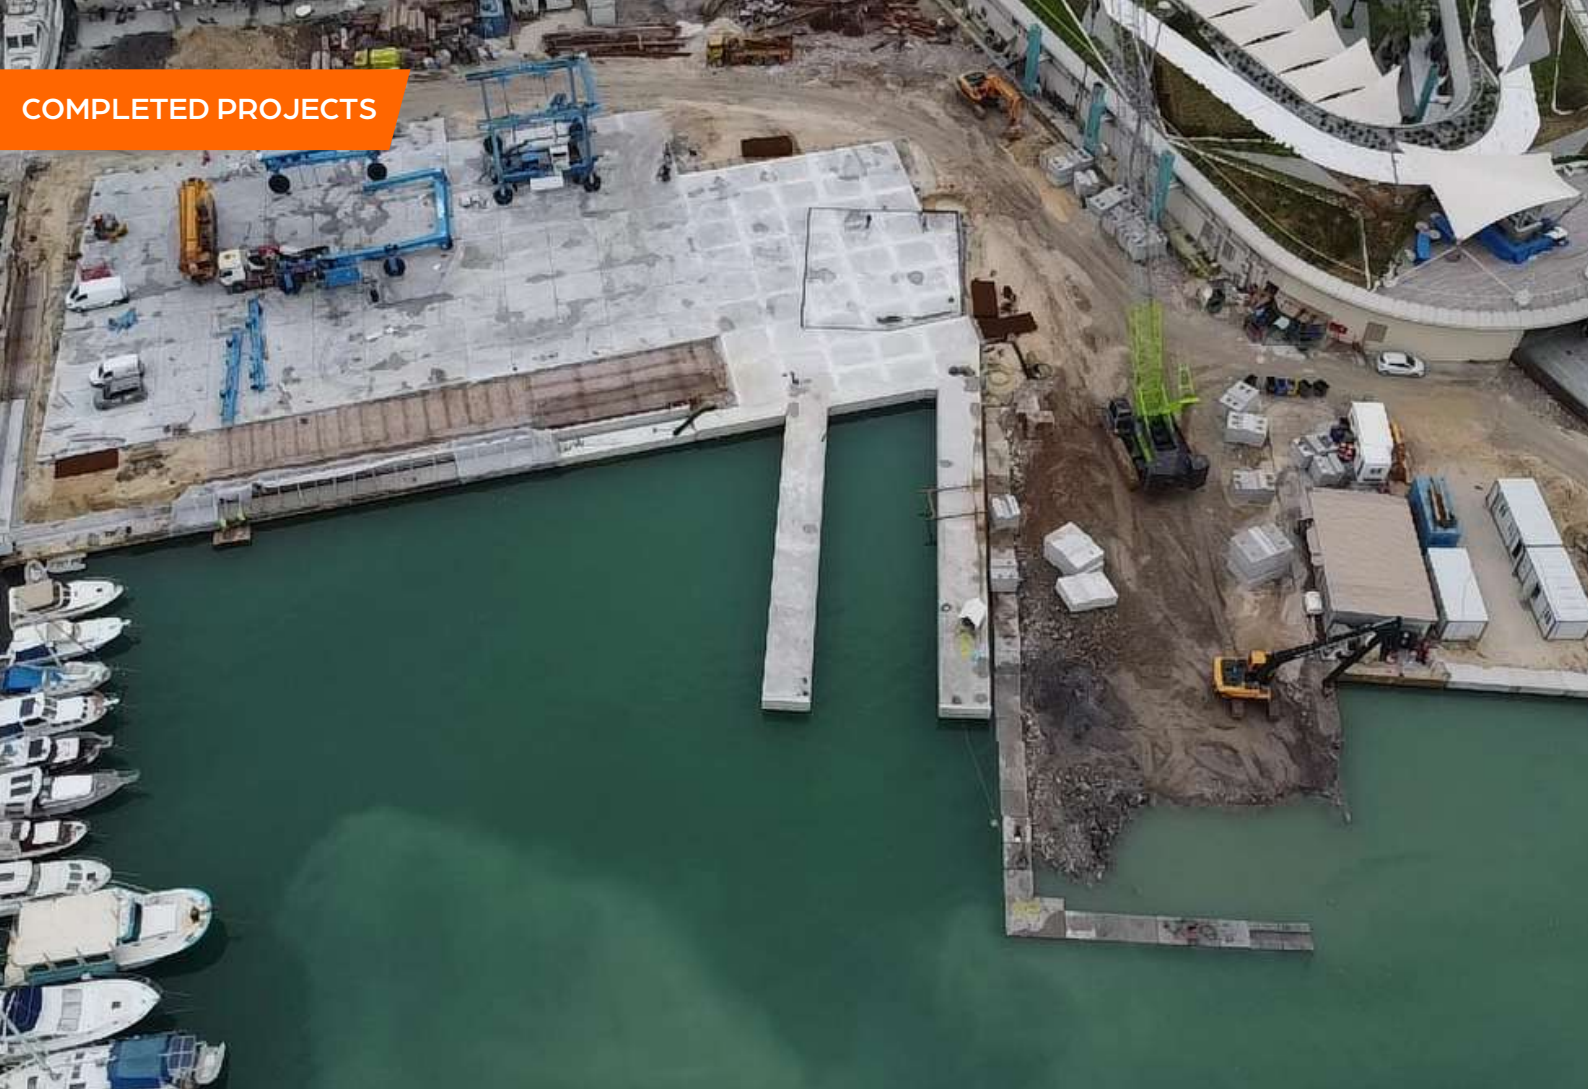

Project Name:
1915 Çanakkale Bridge

Project Name:	Setur Kuşadası Marina
Client:	Erkport Port Services and Logistics
Location:	Kuşadası / TURKEY
Scope:	Dredging Driving of steel tubular piles Construction of jetties Construction of quaywall Production and installation of concrete blocks Installation of armour rocks PDA tests
Commencement:	January, 2023
Completion:	June, 2023

COMPLETED PROJECTS

Project Name:
Setur Kuşadası Marina

Project Name:	Capital Dredging of Beşiktaş Shipyard
Client:	LCM Rota Marine
Location:	Yalova / TURKEY
Scope:	Dredging of jetties
Commencement:	October, 2022
Completion:	November, 2022

Project Name:	Sakarya Gas Field Development – 1st Phase
Client:	Aras Marine Construction
Location:	Zonguldak / TURKEY
Scope:	Construction and dismantling of cofferdam consisting 478 no's sheet piles 326 no's tubular piles
Commencement:	March, 2022
Completion:	November, 2022

COMPLETED PROJECTS

Project Name:
Sakarya Gas Field Development

Project Name:	Dredging of Channel 1 and 2 in Varna
Client:	Instroy EOOD
Location:	Varna / BULGARIA
Scope:	Dredging of utility channels in Varna Lake
Commencement:	September, 2021
Completion:	August, 2022
